WHAT IS THE INTERNATIONAL DAY OF PEACE?

The International Day of Peace ("Peace Day") is observed around the world each year on 21 September. Established in 1981 by unanimous United Nations resolution, Peace Day provides a globally shared date for all humanity to commit to Peace above all differences and to contribute to building a Culture of Peace.

A vibrant, cartoon-style illustration of a harvest scene. In the center, a scarecrow with long white hair, a brown hat adorned with a yellow flower, and a brown jacket over a pink plaid shirt sits on a wooden bench. Behind the scarecrow is a wooden fence with horizontal slats. To the left, a tree with bright red autumn leaves hangs over a large, round wooden basket overflowing with various harvest items, including pumpkins, apples, and corn. In the foreground, several pumpkins and other vegetables like eggplants and squash are scattered on the grass. To the right, a wooden cart with a large wheel is filled with pumpkins and gourds. The background features rolling green hills under a blue sky with white clouds.

A Harvest Story –

The Need Project

'I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me.'

The Need Project is seeking help from the community

Due to the demands on our service ever increasing, we are asking for your help. We have set ourselves a target to collect 30,000 tins, which will help us restock and help us prepare for Christmas which is always very busy. We are so grateful for our ongoing support that we receive, and although we are surviving and our donations are constant, we are not restocking, just keeping up with demand.

We have noticed a massive increase in food parcels over the last year. In July 2024, we provided 769 parcels and 401 bags of best before food. This is a 90% increase on July 2023 in food parcels.

Would you be able to ask your pupils to bring in one tin to support us throughout September? If everyone participated, then we feel the target is reachable.
