

Free Independent Support

Attending Groups & Events

Independent Supporters in your area can attend your group or event to provide information about Independent Support and the EHC Plan process to parents, carers and young people.

We can provide information sessions to parents and carers in a format/structure that you choose for example: coffee mornings, presentations, question and answer sessions or provide an information stand at an event.

We also provide activity sessions for children and young people with SEND. The sessions are interactive and focus on the young people's aspirations for the future. These inclusive sessions can be altered to suit the needs of the young people/group.
