

The Independent Support Process

(Free EHC plan and assessment support for Parents, Carers and Young People)

Request an Independent Supporter at any point in the EHC plan or assessment process

An Independent Supporter in your area is then assigned to you

Your Independent Supporter can then support you in many ways:

- Face to face
- Telephone
- Email
- Attend EHC meetings and assist with paperwork
- Signpost to other services/support

Your Independent Supporter will continue to support you during the EHC plan or assessment process until you feel you no longer need their support or the final plan is issued
